### DETAILED ACTION

1. Figures 1, 2, and 3 should be designated by a legend such as --Prior Art-- (in English) because only that which is old is illustrated. See MPEP § 608.02(g).

Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

2. Claims 1-17 are objected to because of the following minor informalities:

Claim 1, "is in" in line 11 should be replaced with --in-- to remove awkwardness.

Claim 2 -- line 1, " to claim 2" should be replaced with --to claim 1-- to correct an obvious typographical error.

Appropriate correction is required.

3. Claims 1-17 are objected to for the minor informalities noted above but are otherwise allowable.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

5. This application is in condition for allowance except for the following formal matters:

See minor informalities detailed in paragraphs 1 and 2 above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
